WELCOME TO HEAD ROOM

In addition to being a vibrant cafe, offering everything from fabulous fruit smoothies to scrumptious salads, Head Room is also a one-of-a-kind event space located just minutes away from Golders Green station. Founded in 2016, it is a social enterprise by mental health charity Jami, dedicated to reducing stigma and improving mental health in our community.

It was recently renovated to offer a refreshing interior, with a large and impressive granite bar; modern and funky furniture; and an original industrial, modern-urban look. We have thoughtfully combined different textures and materials, including a variety of upcycled elements, creating a unique and visually captivating space.

WHY CHOOSE HEAD ROOM?

As Head Room is the social enterprise of mental health charity Jami, all our profits go towards funding Jami's mental health services at the café and across the community.

These services support the mental health needs of young people at secondary school through to senior citizens. They provide tailored support, a safe space to talk, social connection, and access to work and volunteering opportunities for adults struggling with their mental health. Jami also offers emotional and practical support to those caring for someone with a mental illness, and provides education and training to community leaders.

When you hire Head Room, you not only get to enjoy your simcha in a fantastic venue, but you also get to help others benefit from Jami's life-changing support.

"I've had mental health problems all my life. Loneliness affects me the most. Head Room gives me a place to go, where I can engage with people who understand what I'm going through. Without Jami, I'd be lost."

Mark

"We hired Head Room for Sheva Brachot and were so pleased we did. I'd 100% recommend it to anyone looking for somewhere a bit different to hold their simcha."
